

CONNECT

QCC Quick Connect Cabinet

Lake Shore Electric's QCC (Quick Connect Cabinet) provides a permanent point of connection for use of a temporary power source.

QCC's (Quick Connect Cabinets) provide a simple and safe means of connecting a temporary generator to a facility's distribution system via male camlock style receptacles. The QCC can also be configured with female camlock receptacles for connection of a load bank.

Core Features

- Color-Coded Camlock Receptacles
- NEMA 3R Enclosure
- 2-Wire Start Binding Post

Options & Accessories

- Stainless Steel Enclosure - 304 or 316
- Phase Rotation Monitor
- Kirk Key Interlock on Door
