Quick Connect Three Breaker

Lake Shore Electric's QC3 (Quick Connect Three Breaker) is an all-in-one solution for the coordination of a temporary alternate power source and load bank into an emergency system

All QC3 products are designed with a dedicated permanent generator breaker that is mechanically interlocked with a temporary generator breaker. A dedicated load bank breaker is also integrated on the line side of the permanent generator breaker to allow for isolated load bank testing.

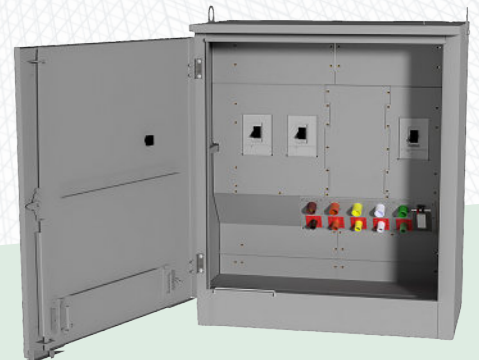

Core Features

- Mechanically Interlocked UL 489 Breakers
- Color-Coded Camlock Receptacles
- NEMA 3R Enclosure
- Grounded Dead Front Covers
- Phase Rotation Monitor with Indicating Light
- Auxiliary Contacts
- 2-Wire Start Binding Post
- 120VAC Shunt Trip
- NEMA 5-20R GFCI Receptacle

Options & Accessories

- Stainless Steel Enclosure - 304 or 316
- Space Heater
- Additional Breaker Fault Ratings
