QCM Quick Connect with Manual Transfer Switch

Lake Shore Electric's QCM (Quick Connect with Manual Transfer Switch) combines the safety and functionality of a Manual Transfer Switch with the convenience of a Quick Connection Cabinet, allowing for compliance with NEC 700.3(F)

All QCM transfer switches utilize an application-specific internal mechanical interlock to prevent paralleling both sources. A key is not required for this interlock, making the operation simple and straightforward.

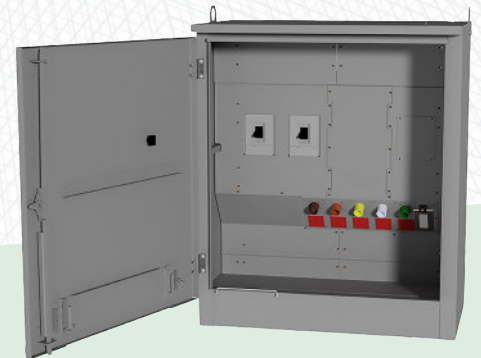

Core Features

- Two Mechanically Interlocked UL 489 Switches
- Color-Coded Camlock Receptacles
- NEMA 3R Enclosure
- Grounded Dead Front Covers
- Auxiliary Contact & Indicating Lights
- 2-Wire Start Binding Post
- NEMA 5-20R GFCI Receptacle

Options & Accessories

- Service Entrance Rated
- Stainless Steel Enclosure - 304 or 316
- Space Heater
- Alternate Source Over Current Protection
